Community Health Network of CT Foundation, Inc.'s Initiatives

A Modern Tea – The goal is to heighten the awareness of cardiovascular disease for the community of women in Connecticut (Statewide). A Modern Tea coincides with the American Heart Association's Go Red for Women Day, which is celebrated every February. A Modern Tea is not your typical tea party; however, it's an afternoon tea that aims to delight the five senses. Invitees include doctors, health care providers and community leaders to carry the message of heart awareness to their respective audiences. By featuring the various elements that can contribute to healthy lifestyles—thus healthy hearts; we are able to convince our participants that informing women about heart disease and its triggers are crucial to the health of our communities. The event has rotated between New Haven, Hartford and Westport over the last three years. The next Modern Tea will take place on Saturday, February 9, 2009 at the New Haven Lawn Club. Partners: American Heart Association, & Community Health Network of CT.

KHAIR (pronounced care) – This is a truly unique initiative through a partnership with the Clifford Beers Clinic in New Haven, we are enhancing self-esteem for foster children and others with troubled lives through pairing them with a hair stylist for one year. Khair aims to serve at-risk adolescents by pairing them with hairstylists or barbers who have committed to monthly appointments for one year. The participating salons and barbershops are also providing direction for routine hair maintenance with no charge to the adolescent. Partners: Clifford Beers Clinic, Community Health Network of CT, & News Channel 8/MY TV 9.

Mini Grant-Making Program – Through the Grant-Making Program, the Foundation makes grants to tax-exempt Community Health Centers and other tax-exempt organizations that promote health in CT. By making such grants, the Foundation will further its mission of supporting programs that fundamentally improve the health of the people of CT.
